

**Quotes  
Utah State  
vs. San Jose State  
September 23, 2017**

---

**Head Coach Brent Brennan**

**Opening Statement**

I'm not sure how much I can say outside of that was an awful showing. We were prepared had a great week of practice, but it didn't matter. We were ineffective on offense which was frustrating. We put the defense into too many bad spots with turnovers and a bad kicking game. I'm responsible for this, and I'll get to work fixing these things one play at a time.

**On the previous opponents affecting tonight...**

We played two good teams in a row, and outside of a little physicality, I don't think they impacted tonight's game.

**On the miscues...**

It's devastating some of the situations where our defense had stopped them, and we muffed a punt by a guy who has been playing really well for us all season. Sometimes on those plays, you press a little more. I don't have a lot of answers with what happened tonight, and we have to look at the film and try and fix a lot of things.

**Josh Love**

**On the outcome...**

I think we knew what they were doing. We prepared well, and we just didn't execute, plain and simple. I think we need to come out fast from the start and beat them to the punch. The score doesn't show it, but the defense was playing their butts off. We just didn't back them up.

**Jermaine Kelly**

**On the pick-six...**

It felt great. Tre (Bierria) made the tip, and I was in the right place at the right time. I saw a lot of green grass and just took it.

**On the outcome...**

We, as a defense, preach that if they don't score, it's 0-0. We need to have the offense's back. The defense as a whole, we need to buckle down. We forced some turnovers and did some good things. It was just too late.

**On being put in a short field...**

We put ourselves in those positions in practice. That way, in the game we know how to execute. But like Josh said, we just didn't execute. It just kind of went in the tank, and we're definitely going to fix it. We have a lot of work to do.
