Utah State  
vs. San Jose State

**Head Coach Matt Wells**

**Opening Statement**

“First of all, it’s a great team win. I think all three sides of the ball played extremely well, especially early in the game. A lot of plays on special teams, we were able to run the ball, stop the run and put them in a position where they had to throw. So when that happens usually good things happen for a defense.”

“Really proud of our guys. To win on the road, that locker room celebration was a long time coming on the road.”

**On Special Teams:**

“We absolutely won the game on special teams. The kickers, our guys fielded the sky kick, another block, I think that’s three weeks in a row we’ve had a punt block. I think our kids have bought in to what we do on special teams. We play our best players and our kids have bought in.”

**On QB Jordan Love playing:**

“It was planned. We thought he played well enough last week. He deserved some playing time. Both quarterbacks knew that, they knew that was the plan and were ready to go.”

**On Utah State’s 24-0 Second Quarter Spurt:**

“We just played off each other in that second quarter. Whether it was a special teams play or a defensive stop, I thought they did a nice job of playing off each other and when you do that you gain momentum, a little mojo, and it’s kinda like you’re running down hill.”
